Chaburah 6 – Likutey Moharan, Mahadura Kama 73

In a world that is strewn with good and bad (- which causes a doubt in people's minds as to whether Hashem is really in control of all), our souls – the souls of the created beings – are “sent” to this world with the “mission” to reveal that Hashem is Really the One and Only Being Who is Truly in control of all (Ramchal, 138 Pischei Chochma, Pesach 4).

“Shema Yisroel” – the “mission statement” for all of Klal Yisrael, is – “Hashem” – whether you see Middas Harachamim (=good), “Elokainu” - or whether you see Middas Hadin (=bad), “Hashem Echad” - our goal in life is to believe and reveal through our actions that we know that Hashem is the One and Only Being Who is Truly in control of all (Malbim al HaTorah, Devorim 6-4). Because when we show that we believe that Hashem is the Only One in control of all, even when Middas “Elokim” is active in the world, we are then “giving” to Hashem by revealing His Presence even in this world in all situations that appear as if He is not in control or not even “present” – i.e. in a world where it seems that “His Presence is covered up”.

Amazing source: Words of Likutey Moharan, Mahadura Kama, 73

When Hashem created the reality of a world that he would receive Nachas Ruach from the actions of the created beings, He, in effect, became a “receiver”.

Hashem's created reality of becoming a “receiver”, now allowed the created souls to become “givers”, thus patterning themselves totally to be like Hashem - and by means of that are now able to attain the goal of creation.
